

PATIO TROPICS®

FEATURES AND ADVANTAGES

Escape with Patio Tropics®

Unlike some products that deal in realism, Patio Tropics® is all about escapism. These beautiful plants remind customers of their romantic trip to Hawaii or a fun visit to Cancun. Informality is the primary focus here - inviting shoppers to lose themselves from their busy lives and dream a little. The great thing about this display is that it is both accessible, with easy viewing from all sides, and versatile. It provides numerous product choices, as well as creates a suggested style that customers could foresee in their own setting.
