MAGNOLIAS

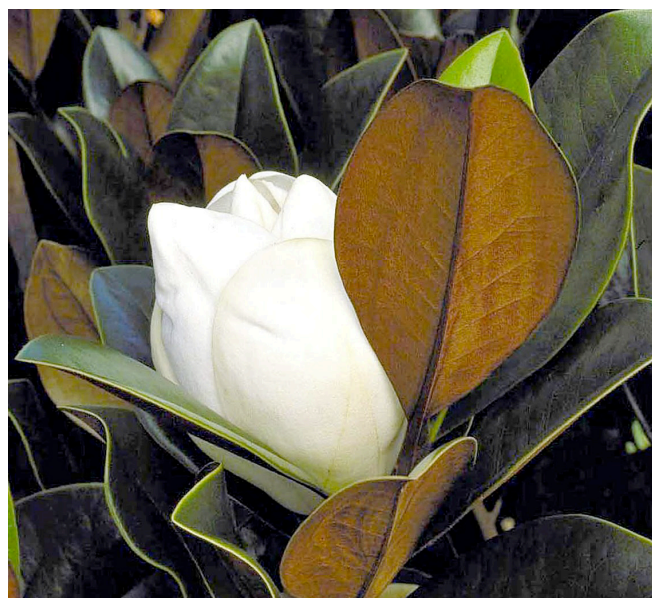

Bracken's Brown Beauty Magnolia is known for its cold hardiness compared to other magnolias.

UNDENIABLE CHARM

3 Magnolias for a stately, elegant look

Magnolias are known for their classic beauty in the landscape. Big, glossy leaves create rich foliage and texture, punctured by single, snow white blooms. Everde Growers featured 3 magnolia cultivars are

- Bracken's Brown Beauty Magnolia (Magnolia grandiflora 'Bracken's Brown Beauty')
- D.D. Blanchard Southern Magnolia (Magnolia grandiflora 'D.D. Blanchard')
- Little Gem Magnolia (Magnolia grandiflora 'Little Gem')

The pyramidal shape of D.D. Blanchard creates great shade in the garden.

MAGNOLIAS

Bracken's Brown Beauty

Little Gem is a dwarf variety, great for smaller spaces where a big impact is needed.
