THE SOLUTION FOR BOXWOOD BLIGHT

INTRODUCING... **BETTERBOXWOOD™**,

the first collection of scientifically bred blight-resistant boxwood. Brought to you by **Plant Development Services** and **Everde Growers** for U.S. and Canadian retail / landscape markets in 2023.

FOUR DIFFERENT VARIETIES

- Each with a unique size and form to fill any boxwood need.
- The result of two decades of revolutionary breeding and plant trialing in Europe.
- Led by the leaders in the fight against boxwood blight, Belgium grower Herplant BVBA, in cooperation with the Flemish Institute for Agricultural and Fisheries Research.
- Marketed to American and Canadian consumers by the company that transformed the azalea market with Encore® Azalea.
